Subject: EPA Cleanup: CES Environmental Services, Inc., 4904 Griggs Rd, Houston, Texas

Bob:

We are in the process of mobilizing to do an assessment and cleanup at this facility. It was a chemical recycling facility. It has numerous vacuum boxes, frac tanks, ASTs, drums, totes, vats, and small containers. It also has historical spills to the asphalt/concrete surfaces.

I wanted to make you aware of this cleanup action. I have identified the local fire stations nearby and they are Station 40 (looks to be the closest), Station 46, 35, 26. Not sure which one covers this area. What station is the hazmat team out of?

Please pass this around to the appropriate station so they know what is going on at the facility.

Thanks

Gary Moore
